

Ninety-five families have been enrolled into Secure Jobs Connect during the demonstration phase of the project. At the time of enrollment, 60% were receiving HomeBASE Rental Assistance, 27% were receiving HomeBASE Housing Assistance, and 13% were in shelter. Most enrollees were HOHs but 10% of enrollees were spouses/partners of the HomeBASE recipient. Additional descriptive information about enrollees and their work situations is below.

PARTICIPANT PROFILE: WHO ENROLLED INTO SJC?

Eighty-eight percent of SJC participants are women. Seventy percent are single HOHs while 30% have a partner or spouse in the household.

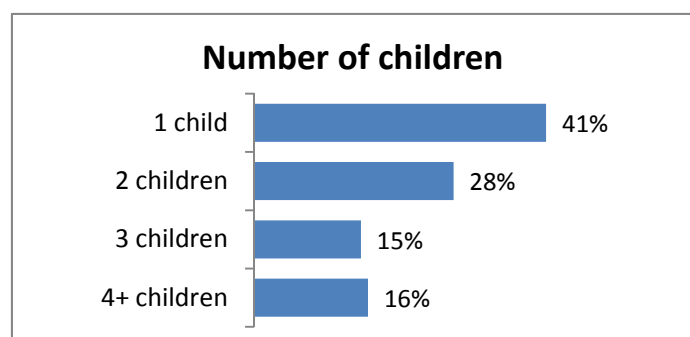

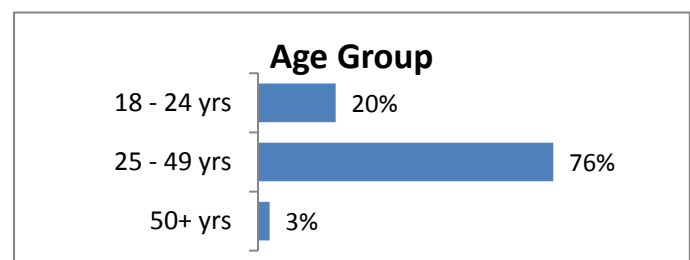

Forty-seven percent of enrollees are Latina/Latino, which reflects the HomeBASE participant population: Hispanic families are disproportionately impacted by homelessness within our region.

SJC families contain 202 children. Almost 300 persons are affected by the project.
