

# 2017 Springfield-Hampden Co. CoC Point-in-Time Count HOMELESS UNACCOMPANIED YOUTH REPORT

**141** homeless youth 18-24  
**0** homeless youth under 18

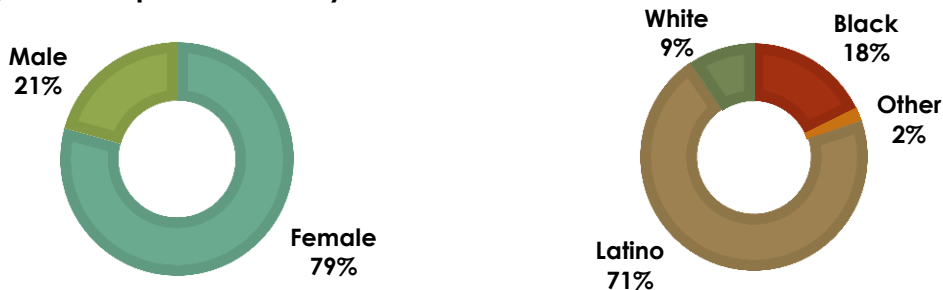

on a single night in January

The number of homeless youth has dropped 51% since the 2015 count, driven primarily by reductions in the family shelter system. The number of unsheltered unaccompanied youth was higher than average in 2017, likely because of more

Parenting youth are predominately female and Latina.

Unaccompanied Youth are almost equally likely to be male or female, but are also more likely to be Latino/a.
