## Invitation and Registration

---

### Three County Continuum of Care Housing Problem Solving Training

---

***Friday February 18th 2022 from 12p-1:30p***

---

- **Facilitated by: Douglas Tetrault, Technical Assistance Collaborative (TAC)**
    - The purpose of this training is to introduce the core features of effective Housing Problem Solving strategies to local partners. The training will cover the core features of Housing Problem Solving and how those techniques relate to our efforts to end homelessness in Western MA. The training will also discuss how problem solving affects homelessness prevention, diversion and rapid exit strategies for individuals and families at-risk of or experiencing literal homelessness.
