

MASSACHUSETTS COALITION FOR THE HOMELESS

Committed to ensuring that everyone has a place to call home

**Take Action to Improve the Emergency Assistance Program:
Please cosponsor and actively support An Act improving emergency housing assistance for
children and families experiencing homelessness**

[House Bill 145](#) and [Senate Bill 86](#)

Sponsored by Representative Marjorie Decker and Senator Adam Gomez

What is happening to families seeking Emergency Assistance shelter?

Families with children face many barriers in securing Emergency Assistance (EA) shelter placements and related HomeBASE rehousing resources from the Executive Office of Housing and Livable Communities (HLC, previously the Department of Housing and Community Development), including difficulty accessing the application, requirements that they provide verifications multiple times, and rules that often force families to stay in unsafe places before being deemed "homeless enough" to qualify. Additionally, families often are disempowered and do not have an advocate to help them navigate the process. This results in far fewer families approved for shelter and HomeBASE benefits than are eligible, and scores of children and families exposed to the traumas of unstably sheltered or unsheltered homelessness.

Why do we need omnibus Emergency Assistance legislation?

This legislation would build upon, and enshrine in statute, protections the Legislature has repeatedly passed through the budget process that do away with barriers to access and strengthen reporting requirements. It also would build upon FY22 budget language to create an ombudsperson office within HLC to provide families with systemic support in accessing and retaining shelter and related HomeBASE program benefits. **Massachusetts families deserve a right to shelter with dignity and stability.**

What would this bill do?

- Ensure that the Executive Office of Housing and Livable Communities places families that have an immediate need for Emergency Assistance shelter, even if they have not yet stayed in a place not meant for human habitation
- Prohibit HLC from turning families away due to lack of documentation and mandate that HLC accept self-declarations (when the Executive Office has no specific information to the contrary) and look in existing state benefits databases to obtain requested documentation instead of delaying applications by requiring families to provide third-party documentation directly
- Establish an independent ombudsperson unit located in HLC to mediate between EA and HomeBASE participants/applicants and HLC

- Add protections for families seeking to access or retain EA shelter during states of emergency, such as the recent COVID-19 state of emergency
- Direct HLC to place families in their own room while in shelter to increase privacy and dignity and to improve public health (House version of the bill)
- Prohibit HLC for denying or terminating a family from EA due to assets (House version of the bill)

Who has cosponsored the bill?

As of June 8th, the bill has been sponsored or cosponsored by Representatives Decker (sponsor), Arena-DeRosa, Arriaga, Blais, Cahill, Domb, DuBois, Duffy, Gifford, Higgins, Howard, LeBoeuf, Montañó, O'Day, Sabadosa, Sousa, Vitolo, and Williams, and Senators Gomez (sponsor), Comerford, DiDomenico, Eldridge, Jehlen, Keenan, Moran, and Rausch.
